New Holding Company to Spend \$10,000,000

Development Planned for Seattle Plant

National City Company Buys Into Corporation

SEATTLE, Oct. 23. (AP)—The expenditure of close to \$10,000,000 within eighteen months as the initial move in the development of the Boeing airplane plant here was announced today following revelation of the formation of a new holding company to control interest in Boeing enterprises.

A substantial interest in the new concern, which is to be known as the Boeing Airplane and Transport Corporation, has been purchased by the National City Company of New York and the Pacific National Companies of Seattle. The stated value placed their interest in the neighborhood of \$5,000,000 or \$10,000,000.

W. E. Boeing, president of the airplane company and its majority stockholder, and J. P. Ripley, vice-president of the National City Company of New York, confirmed report of the reorganization.

Boeing is president of the new company, and a majority of the Boeing interests automatically become share owners in the holding company. No changes are contemplated in the management of the Boeing enterprise, Ripley said.

A company spokesman said:

"The main point of interest is 'only the commencement of the development that will be necessary,' Ripley said.

Directors of the new company, chosen at a meeting of stockholders with Boeing chief: K. R. Kingsbury, president of the Standard Oil Company of California; F. B. Mantzler, president of Pratt & Whitney Aircraft Company, manufacturer of aircraft engines, with which Boeing planes are equipped; Charles Vought, president of Chance Vought Airplane Corporation, manufacturers of Corsair and other service machines that did not conflict with the Boeing.

Both Ripley and Boeing declined to comment on New York reports that the reorganization was the forerunner of establishment of a transcontinental air route from San Francisco to New York.

Are you contributing to this staggering total that comes out of the pockets of the home owners of this country every year? Unless your home has rust-proof flashings, gutters and downspouts of Copper you are.

Copper flashings, gutters and downspouts rarely cost anything for repairs. Copper is a non-ferrous metal and cannot rust. By installing it at the time you build or remodel you assure yourself permanent protection from rain and snow, sun and fog. At the same time, you protect the money you have invested in interior decorations and furniture, which may become damaged by water seeping in through defective gutters.

Former Secretary of State Addresses Missourians

Continuation of Prosperity Held Paramount

(Continued from First Page)

at Albany, Hoover has been working in Washington. It is said that Smith is in much better health now.

In his knowledge of the problems of the nation, Hoover stands years ahead. If Smith were elected he would take him years to learn what Hoover knows now.

FEW "REAL ISSUES"

Turning to the issues of the campaign, Mr. Hughes found that "The real issues" are few. Commenting on what he termed, "the shanty-bait" of over prohibition, he said that Gov. Smith knew he had no chance of election without the votes of five.

This was disclosed today by Mr. Grab, who is 43 years of age, was born in Vienna and came to this country at 14. He went to work in an auto repair shop for \$3 a week. He recalled today

concerned. Considering the deep interest of our people in foreign affairs, that an extraordinary omission. I regard it as notable, if perhaps unkindly, tribute to the Republican administration."

## PROSPERITY PARAMOUNT

The paramount consideration in the campaign, said Mr. Hughes, is the prosperity of the country. "The chief effort of our opponents is to make it clear that they intend no harm. For unless they can allay the anxiety which has been bred in the public mind by the performances of those promises to be good will receive but scant attention."

Apparently nothing so irritated the Democrats, Mr. Hughes declared, as the proposal to add to the national direct taxes of the South. The drys are asked to support him on the ground that he can do nothing, and the wets because he can do much. This is not to my mind a very commendable enterprise.

Quoting Gov. Smith's mention of the Underwood tariff bill in the candidate's speech of acceptance, he declared:

"This reference naturally was taken to mean that Gov. Smith favors the principle of the Underwood tariff bill, the last effective national tariff bill, which would not be good, but I think less actual enforcement. Meanwhile, the Constitution would continue to stand inexorable in its requirements and subject to amendment only by the action of thirty-six States. For this reason I call this a sham battle."

## HONESTY NO ISSUE

Mr. Hughes found no issue in honesty. "The Republican party," he said, "was betrayed in its own house, but prosecutions have been held, conducted by able counsel, to address the wrongs committed." The Republican party is composed of millions of our fellow citizens who believe in its policies as being of advantage to the country.

"If we are to be honest," said Mr. Hoover, "we are an honorable and capable leader; it is futile to suggest that they be abandoned and the country intrusted to another and less capable leadership because of wrongs committed in the past which have been the subject of investigations and strict proceedings instituted and carried through under the present administration."

NEITHER President Coolidge nor Secretary Hoover is in any way responsible for these wrongs."

## LEAGUE NOT AN ISSUE

Mr. Hughes found no issue in the League of Nations. In the Democratic platform, no definite issue is made to foreign affairs.

THE DEMOCRATIC PLATFORM

He added, "speaks of further efforts for the limitation of armaments but makes no program."

With respect to Latin America, Mr. Hughes said the Democratic party and Gov. Smith seem "to forget the record of the last Democratic administration."

"It was the administration," he continued, "which intervened in Santo Domingo and Haiti. The Republican administration inherited that situation and demonstrated its anti-imperialistic policy by perfectly withdrawing from a withdrawal from Santo Domingo which was effected. We would leave Haiti if we could. We are trying to help Nicaragua at the instance of both contending parties in that country in the interest of fair election in order that an independent and stable government may be established."

## STATEMENT RECALLED

Referring to the Democratic plank declaring for protection of American lives and rights, Mr. Hughes recalled his statement made at the Pan-American Conference when as a delegate to the United States government he set forth the policy of this country toward Latin America.

"That is the policy of the Republican administration," declared the speaker.

"In the conduct of our foreign relations," he resumed, "we all desire co-operation with other nations in the interest of peace. We have given conclusive proof of this. The striking thing is that the Republican administration has been in charge of foreign affairs for seven and a half years, a period of the greatest difficulty due to the unfortunate controversy which has arisen during the last Democratic administration and to the problems incident to reconstruction following the war. From our opponents we have had a great deal of criticism and very little constructive suggestion."

"Now when the issues of this campaign are summed up with that which had been done, there is to be done, foreign relations, except for a little talk to small purposes, are virtually left out so far as any definite and important issue is

left to us."

## PROBLEMS ECONOMIC

The country's problems, in Mr. Hughes' opinion, are economic.

"The less that they are made the

more difficult it is to bring about an injunction restraining it from conspiring to interfere with interstate commerce in east coast in New York City was in prop-

er form.

## MILLION DOLLAR BUSINESS GIVEN BY MANUFACTURER TO HELPERS

Fourteen employees of the women's wear concern of C. P. Grab & Co. will receive the \$1,000,000 business as a gift at the end of the year, when Oscar F. Grab, founder, becomes executive vice-president of the new Leefcourt-Normandie National Bank.

This was disclosed today by Mr. Grab, who had completed plans for the transfer. He said the business will be continued as a corporation and along the same lines as in the past. The fourteen employees to whom he will turn over the business have been with him for ten years.

## EPISCOPALIANS LAUD DRY MOVE

Church People Called on to Support Statutes

Political Theme Appears in Bishops' Debate

Democrat Objects to Wording of One Proposition

WASHINGTON, Oct. 22 (AP)—Renewed efforts of the government to enforce strictly and impartially the prohibition and antinarcotic laws were welcomed today by the house of bishops of the Episcopal church in convention here, who called on the people of the church "to set aside their personal方便 to obey the law without which no democracy can endure."

The action is a reaffirmation of the stand of the 1928 convention, read from the floor of the assembly, which held that no reiteration was necessary as both houses had spoken on lawlessness at that time.

Before a vote was taken on the resolution, Bishop John Ward of Erie, Pa., coadjutor, Bishop William Green of Mississippi introduced an amendment urging that "the bishops, clergy, vestrymen and lay people themselves shall set aside their personal方便 to the law," which he later withdrew after opposition from Bishop Thomas F. Gallor of Tennessee, and others.

**EFFECT FEARED**

"I am a Democrat," the Tennessee prelate said, objecting to the amendment on the ground that if passed it would constitute campaign material for the Republican party.

Bishop William Green of New York concurred with the statement that both parties are pledged

## PUTTING TIDES INTO HARNESS HELD MENACE TO LITTLE FISHES

TORONTO (Ont.) Oct. 22 (AP)—A commission has been appointed by the North American Committee on Fishery Investigation to investigate the possibilities of damage to fish-hunting grounds by the proposed harnessing of the tides of the Bay of Fundy to provide power.

The commission appointed consists of the Canadian Deputy Minister of Fisheries, the Commissioners of Fisheries of the United States, Dr. E. B. Tamm, Harvard University, and Dr. A. G. Huntington of the Biological Board of Canada. The commission is to report its findings to the Canadian and United States governments.

"The Cooper power project which proposes to dam Passamaquoddy and the enforcement of the law, and said that if the house failed to pass the amendment it would place the church in a position of shying away from a moral issue.

He added that the amendment would it would furnish capital for organizations such as the Church Temperance Society. This group, which recently published results of a poll tending to show that the Episcopal clergy are opposed to the prohibition, was established without official standing in the church on motion of Bishop James E. Freeman of Washington, D. C.

**PLEA VOICED**

Bishop Ward's resolution as passed by the body follows:

"Resolved: That facing the danger of the spirit of lawlessness in American life, we welcome the renewed efforts of the government of the United States to enforce strictly and impartially the prohibition laws, and the antinarcotic laws, which are so widely and cynically disregarded; we call upon the people of our church to set a good example of that obedience to law which no democracy can endure."

The social-service committee

opened the prohibition discussion with a report recommending that the last week in February be set aside as "antinarcotic education week."

The suggestion was rejected.

After long debate the bishops approved a resolution presented by Bishop Harry S. Longley, coadjutor of Iowa, urging that military schools emphasize the importance of "peaceful means open to the settlement of international disputes," after rejecting another asking the formation of an auxiliary training corps introduced by Bishop Edward L. Parsons of California.

**PEACE MOVE LAUNCHED**

The body also reaffirmed in substance a resolution of its last convention commanding the efforts of the government toward world peace, and tabled a proposal by Bishop Gallor which would put the church on record as favoring the separation of church and state.

Bishop Thomas Green, coadjutor of the Southern Ohio diocese, and chairman of the social-service committee, voiced disapproval of the motion, saying he knows of no movement contemplating participation by the church in political or patriotic matters.

The house of deputies adopted a budget of \$4,324,650 a year for the general work of the church during the next triennium.

It is an increase of \$12,000 a year over the 1928 appropriation, which is \$10,000 less than the figure set by the national council.

The budget includes an item of \$500 for the commission on faith and order. An effort to increase this amount to \$7500 was opposed by Judge Henry of Des Moines, Iowa, who termed the body inconsequential.

**FAITH REPORT APPROVED**

The report of the committee on faith and order recommending faith and order "an emergency measure" that can no longer be questioned" was approved by the deputies by a unanimous vote.

The report was read by Bishop St. John of Southern Ohio, who presented the same motion to the House of Bishops yesterday.

By the concurrent action of the deputies, Christianity is thus recognized by the church as having passed the stage of heresy and its value is not to be questioned."

The group also agreed to follow the lead of the bishops who advised that invitations be sent to Methodist and Protestant churches of the country to form committees of communications on faith and order looking toward organic unity.

**Senator Norris Sees Change in Hoover Position**

TACOMA (Wash.) Oct. 22 (AP)—Senator Norris of Nebraska disclosed his change of mind today that Herbert Hoover in his New York address last night had, by his position on hydroelectric power, repudiated all the progressives who have supported him in the past. He said that Hoover had made himself clearer on the power issue than in any of his earlier speeches.

Senator Norris said: "He is representing N.Y. Brookhart, Brookhart himself and all the other progressives who have supported him in the past."

The former stated definitely from an understanding of events and spread rapidly through the structure.

The body of one of the victims was found in a kneeling position beside bed, as though he had been praying when overcome.

Charles Cook, night clerk, was taken into custody pending an investigation. Last night authorities released him. Firemen said he had been drinking.

The identified dead were Daniel Celestine, 70 years of age, a cook;

John Henry, registered from New York; W. Price, registered from St. Louis, and S. T. Roberts and Hugh Morris, whose addresses are unknown.

Washington Interested Only Mildly in Letters

WASHINGTON, Oct. 22 (AP)—The only benefit which President Coolidge believes the cause of naval disarmament gained by the recent Franco-British agreement is that both those nations showed themselves willing to change the attitude which they had maintained at previous conferences. Therefore, he feels they may be induced to change their views on this and other issues in line with American ideas as to naval limitation.

Apart from this hope, President Coolidge believes that the agreement has not advanced much the cause of naval disarmament.

He said that Great Britain and France are still far apart on this issue.

Callahan in Draw Ring Go

CHICAGO, Oct. 23. (AP)—Mushy Callahan of Los Angeles, junior welterweight champion, and Bobby Tracey of Buffalo fought ten rounds to a draw tonight. The bout was not for Callahan's title, the fighters having entered the ring above the junior welterweight limit.

The decision of the judges was received by boos from the 2000 spectators. The Buffalo boxer had forced the champion in the third round into a right cross, but Callahan was up before the referee started the count. In the ninth Tracey fell to the floor in a hot exchange of blows, was up at once.

## L.A. High and Hollywood Favorites in Friday City Loop Games

### FRANKLIN MAY UPSET ROMANS

*Kitefliers Make Debut in League Grid Ranks*

*Owens and Reed May be Out of Pioneer Line-up*

*Injuries Cloud Chances of Jefferson's Eleven*

**BY BOB RAY**  
Los Angeles High to beat Franklin and Hollywood to take Jefferson.

That's the way the boys are aiming up next Friday's City League games which will probably be crowded out of the limelight because of the important Manual - Polytechnic clash at the Coliseum.

If there is going to be any upsetting in these games, Coach Franklin Kitefliers will have to do it for Jimmy Purcell's Democrats will enter the battle against Hollywood considerably handicapped by a foot of injuries.

However, the Kitefliers did not appear so red hot in their practice games and Hoss says they probably will have to do the Romans. The Kitefliers will have an edge, though, in that they have had time on Los Angeles High's strength and weaknesses while they have managed to keep under cover. Another thing favoring Franklin's chances is that the Romans will probably be without their star players, the Kitefliers because they are "painted" for Manual a week later. If Hoss can get his athletes "all hot up" for the game, the Kitefliers are liable to take the Romans by surprise.

**REED AND OWENS BUST**  
The Romans will enter the game against Franklin with Capt. Jimmy Owens and Bob Reed, their two best backs in excellent condition as result of a long summer. Both have bum legs and may be kept out of the game altogether.

Another thing the Romans will have to watch out for is their tendency to stay put. Three 15-yard penalties were the result of a team's attack and Hoss is bound to tell the officials to look out for holding on the L. A. High line. Sixty-five yards in penalties played havoc with the Romans in the Poly game and they should have learned their lesson by now.

Over at Jefferson, Coach Purcell has the four stars of his four of his best kids sitting. The Democrat disabled last includes Capt. Jim Morris, guard, who re-injured his knee; Herb Cirino, halfback, who has a pulled leg tendon; Gene Gibson, end, who is having his right shoulder, and Strange, fullback, end, who has a bunged-up ankle. All four of them will probably get in the game against Hollywood, but there's no telling how long they'll last. At least Purcell will leave the four stars of all scrapping before the game. The Democrats are looking longingly toward the rest period coming after Hollywood for they don't like to play from 5 to 7 p.m. and will have two hours in which to let their crippled men.

**FUMBLERS HURT HOLLYWOOD**  
Not too much stock can be taken from the 27-10-0 win Hollywood took from Manual, for it was not that much difference between the two teams. Laurie Vier, Hollywood captain, gained 113 yards against Manual, but fumbles by the three Foothill backs stopped his drives and cost the Artisans a couple of chances to score right off the bat. If Kelley can get his backs out of the fumbling habit, and he probably will, the Foothillers will win Friday.

On the other hand, Reed and Stewart sent their Mechanics and Vikings through stiff scrimmages last night to brush up on new offensive tactics for the Coliseum clash. Another hard workout will be on the schedule for tonight, and then the boys will take things easy until the kick-off.

### SPLIT IN RING BODY STARTED

(Continued from First Page)

Athletic Association, as president, and the refusal of the body to re-elect Murphy to the vice-chairmanship caused a split in the by-laws provision, leaving delegates other than those from the United States from holding office. While the New York State Commission so far has refused to join any organization, it has entered into several working agreements, but none with the N.R.A.

A shake-up in the ranks of the heavyweights brought Johnny Risko and Knute Hansen back into action after indefinite suspensions and Eddie Friedman was reinstated to the inactive list. The Standard was suspended "indefinitely" for fouling Big Boy Peterson in the final outdoor show of the season here Friday night. Risko fouled Roberto Roeder in his last bout and Hansen was sent down until his managerial affairs were straightened out.

Hansen, the commissioners ruled, now can make his own matches, while Risko, as his own manager, will be withheld to pay any verdict that may be awarded by the courts to Walter Friedman, the melancholy Dane's dispossessed manager. Billy Gibson, pilot of Gene Tunney in the heavyweight war and Hansen's most recent managerial acquisition, must also wait until the court rule upon his status.

**SHELL OUTPOUNTS GARCIA**  
INDIANAPOLIS, Oct. 25 (AP)—Edie Shell, Chicano featherweight, outpointed Frankie Garcia of Los Angeles in a fast ten-round boxing contest here tonight.

### RABBIT PUNCHES by PAUL LOWERY

**MALICE AFORETHOUGHT**

UNDER cover of the excitement over the 0 to 0 score and the wet field at Berkeley Saturday it seems that the Occidental Tigers have been quietly preparing themselves to battle the Trojans with malice aforethought this coming week-end.

The game is just one of those "in-stride" affairs for the Trojans, a sort of a workout for the second and third stringers coming as it does between the California and Stanford battles.

However, the Tigers are not looking at the matter in the same light at all and with one of the most powerful teams in the history of the institution to send on the field the boys out Eagle Rock way are hoping for a surprise.

In fact the Occidental schedule, so the boys say, was prepared with the build-up toward the U.S.C. game, then a let-down of two weeks before the remaining southern conference opposition is encountered.

And having decisively knocked off San Diego State and Whittier by convincing scores already, the Tigers are prepared to do or die against the Trojans.

Having learned this attitude only yesterday p.m. the esteemed Mr. Howard Jones immediately counter-attacked with a statement that he would start all his regulars and first-stringers as physically fit in the Oxy game. Stanford is his main objective, but he doesn't mind giving the Oxy boys a lesson if they want it, he indicates.

### THE HOG WALLOW

**M**R. JACK McCORD, the umpire of the mud battle at Berkeley spoke at the University Club yesterday noon on several phases of the struggle.

He stressed the fine defensive playing of California, the disastrous slips of Don Williams on his setback plays and blamed a management that would permit a freshman contest to make a hog-wallow out of a field that should have been kept at its best for one of the most important Pacific Coast Conference battles of the year.

This last point was particularly well taken. Nobody thinks for a moment of staging a preliminary game in the Stanford-U.S.C. game here Saturday week. Nor do they ever schedule a preliminary date to the California-Stanford annual battle. The California-U.S.C. game has come to be placed in the same category, and on a day when the field was already in terrible shape it was murderous to test out two crews to shove it up in a tussle that probably only a few hundred persons of the 15,000 present knew the identity of the contenders.

Mr. McCord drew a laugh when he suggested that inasmuch as the officials are always being put on the pan for something of either they might as well be blamed for the dampness of the Berkeley field.

### A PALO ALTO SWITCH

**M**R. BOB CRAVEN, who was at the same luncheon, suggested that it would be a good idea to switch the California-Stanford game from Berkeley to Stanford because of the mess at Berkeley.

Mr. Craven was a guard at Stanford back in the days when California was beginning to have difficulty in winning from the Cards, and became famous for blocking one of Bill Blewett's drop kicks which the Bears turned into a safety when Scotty Campbell recovered the ball and was downed back of the goal line. The score of the game was 9 to 6, and it's the last game the Bears won from Stanford.

Mr. Craven was a guard at Stanford back in the days when he can't see any excuse at all for playing there when Stanford has a perfectly lovely turf down at Palo Alto. Stanford probably wouldn't object to the switch, but somehow I doubt if the California boys will do in that way even if they did in pink. They like to hold the "Big Game" there when their turn comes.

### WOMEN GOLFERS TO REORGANIZE

(Continued from First Page)  
of the subject, and, aside from sections, a few minor amendments to the constitution, and reports, the meeting was given over to awarding prizes.

These included the western championship to Mrs. Harry Prenter of Los Angeles, who was this summer for the second consecutive time by defeating Virginia Wilson of Chicago, Canadian champion, in the finals at Indian Hills Club, Indianapolis. Honorable mention goes to Mrs. Lee Mida of Chicago; the Chicago championships to Virginia Van Wie for the third time, and a special award to Mrs. Marvin Jones, whose record in golf over the nation's medal in the Chicago title event at her home club with a world record score of 72 on the No. 1 course, above men's par.

**GLEN COLETT OF PROVIDENCE**  
was re-elected President of the Massachusetts Golf Club, Cleveland, and the club's new president is not much difference between the two teams. Laurie Vier, Hollywood captain, gained 113 yards against Manual, but fumbles by the three Foothill backs stopped his drives and cost the Artisans a couple of chances to score right off the bat. If Kelley can get his backs out of the fumbling habit, and he probably will, the Foothillers will win Friday.

### JONES TO USE S.C. REGULARS

(Continued from First Page)  
wood boy, on the other side of Jones' bar-biting career.

John Ward and Bill Seitz, two of the biggest men on the squad, will handle the tackle positions.

Francis Tappan will be at his usual berth with Ralph Wilcox on the other side. He has been idle for almost a month, due to an ankle injury, and Jones has yet to see just what he can do under fire.

If this line-up is unable to function properly against the Tigers, there will be plenty of changes made in a hurry. No matter how easy or tough the going happens to be, Jones will have all his healthy regulars in there at some time or other.

New York remembers Fields as the boy whom Kid Kaplan beat as the "lightweight," says Bagley. "To the easterner, Fields looks a 'toughie' but for Baker, who's there, he's a man in many grilling battles. I used to see Baker stop Fields inside seven rounds."

Bagley is a very close friend of Jack Dempsey. The Manassas Mauler considered Bagley as a manager and handled him up to the time he began his series of fights with Harry Greb.

### SAMMY BAKER UNDER WEIGHT

**Sergeant Tips Beam at 145 After Hard Workout**

**ARMY BATTER IS CONFIDENT He'll Upset Fields**

**MIDDLEWEIGHT PARTNERS GET Walloped by Jackie**

Sgt. Sammy Baker cracked down on his sparring partners yesterday in his first real workout for the 145 h. Jackie Fields battle at Wrigley Field on the 20th inst. The Trojans' star man is in fine shape after having four fights in four weeks. He is expected to be a favorite at the Manhattan.

After his workout Baker stepped on the scales and weighed in at 148 pounds, two pounds under the weight he made for him to make.

The Baker camp seems to figure that the big fight is as good as won. They already have factors cut for Harry Galfund.

"If Galfund would make 154 pounds he can consider the match as good as made," says Baker. "And when they divide the purse, we will only care as much as Galfund does."

Abe Katz, manager of Baker, already has an ear in the Joe Dundee-Jack Thompson bout scheduled for New York on November 16. The New York commission will rule on both Baker and Thompson to post \$10,000 each as surety that the winner must box Baker within sixty days.

**HAS INSIDE TRACK**

Under these conditions Baker seems to have the inside track on Fields. But if Thompson again whips Dundee the world will pretty generally recognize Jackie as the greatest living welterweight.

Fields is never at full speed yesterday in his workouts at the Main Street Gymnasium. He is boxing with middleweights and is punching them all over the building.

If Fields fights Baker the way he is boxing in the gymnasium, will be a pushing match from both corners. Gig Rooney may be planning to cross Baker up and make it a slugging match instead of boxing from his side of the house.

**CAN BEAT FANCY BOYS**

Baker holds a record of beating every fancy boxer he has met. The sergeant doesn't let a boxer get set to do his stuff; he is continually crooking his head.

If Fields is made the favorite in the Wrigley Field show there will be thousands of New York dollars ride on Baker, according to Doc Ealey, bookmaker for Hubert Pugach, who is here to help second the sergeant.

"New York remembers Fields as the boy whom Kid Kaplan beat as the 'lightweight,'" says Bagley. "To the easterner, Fields looks a 'toughie' but for Baker, who's there, he's a man in many grilling battles. I used to see Baker stop Fields inside seven rounds."

**ARMY-YALE GAME DRAWS**

(Continued from First Page)

Temple, Villanova, Haverford, and Boston College are to be pitted against opposition the "dope" favors them to defeat.

Syracuse, whose record is marred only by an intersectional one-point loss to Cornell, is to meet Penn State, Lafayette, tied by Bucknell, but not defeated, plays the strong Mountaineers of West Virginia.

Marquette comes east to try conclusions with Holy Cross again.

Washington and Jefferson, beaten by George Washington, are to meet.

Washington is to be pitted against Fordham.

The Trojans are gradually working themselves into quite a frenzy over the game. The fans are getting excited and know how to key themselves up, but he doesn't have to employ any strategy this week. The boys know what's expected of them.

Boxers and managers who visited the Olympic yesterday had to watch their step. The big auditorium has turned into a turtle hotel for the remainder of the week. Some of them are snappers. The terrapins will get away to a flying start tonight in the first turtle derby ever held in Los Angeles. The fighters' dressing-rooms have been made into a menagerie where cages house the blue-blooded bait-stealers.

There will be three races each night with from twelve to fifteen entrants in each event. The winners will all be put in the grand sweepstakes and finals of the show on Saturday night.

**NORTHWESTERN GRIDDERS MAY SURPRISE ILLINOIS**

CHICAGO, Oct. 23. (UP)—Precedent that had demanded Ohio State's submission to Michigan and Wisconsin's bowing to Notre Dame may take another blow Saturday if Dick Hanley and his Northwestern Wildcats have anything to say about the matter.

Coach Hanley leads the Northwestern team into Memorial Stadium at Champaign for a homecoming game with the University of Illinois, 1927 champions. The Wildcats have won only one of their last twelve games with Illinois and have lost seven straight since the lone victory in 1919, when the count was 6-6 in their favor.

It is true that the Hanley-trained team is far from a favorite in the impending battle with the conference champions. But it is also true that Northwestern has an unusually strong overhead game in which Illinois showed itself to be noticeably weak against Indiana last week.

In the eastern division the Indiana gridiron baffle with a vengeance, sending Root and Schulz through for repeated gains. Coach Zuppke is not taking the Northwestern team lightly and has announced scrimmages every night this week.

Coach Spears of Minnesota drilled

Beach and Long Beach is doped to go under.

In the western division Chaffey, favorite, is expected to defeat Pasadena, while Riversides should welcome Citrus Union into the competition with a 20-10 victory. Tuesdays San Bernardino will draw a bye.

Johnny Layton, national three-cushion champion, and Willie Hoppe, world's 181 balk line champion, are scheduled to play a 200-point match at three-cushion billiards, in the billiard establishment of Clifford Jones, starting Monday for three days, at 2:15 and 8 o'clock p.m. The match will consist of six blocks of fifty points, and at the conclusion of each block, Hoppe will demonstrate a series of fancy shots, and Layton will give a lecture on the Diamond system, using the inlaid spots or diamonds on the rail of the billiard table as a guide in scoring billiards.

# Stockburger Defeats Beynon, 1 up, to Win President's Cup at Oakmont Country Club

## GLENNA COLLETT COMING TO SOUTHERN CALIFORNIA

Golfing Queen Arrives Here in November

Glenne Collett, women's national golf champion, will arrive in San Francisco on November 20, and is expected to spend the winter in Southern California.

## Second Flight Honors Copped by Macpherson

BY EDWARD LAWRENCE

Rolling a twenty-foot putt into the cup on the eighteenth green gave Roy Stockburger the President's Cup at the Oakmont Country Club. Going into the last nine, two down to E. G. Beynon, Stockburger shot a beautiful 33 coming in to win.

Beynon had a 75 to Stockburger's 74. He had a 75 to Stockburger's 74. His opponent was struggling to get a 40. Coming in was just the reverse, however, with Stockburger's game improving with each hole.

The Vice-President's Cup for the following year will remain in the possession of the Army Macpherson, who defeated E. H. Fisher, 5 and 4.

Macpherson had a 75 and Fisher an 82.

Results of the remaining flights follow:

**SECRETARY'S FLIGHT**

C. C. Bowmer (81) defeated J. J. Sawyer (84), 3 and 1.

**Fourth Flight**

W. M. Morrow (89) defeated E. C. Burger (87), 4 and 2.

**Fifth Flight**

Jesse Smith (88) defeated E. W. Cunningham (90), 1 up.

**Sixth Flight**

A. H. Vaelker (92) defeated W. F. Macpherson (88), 5 and 2.

Farrell and Hagen will have as their opponents Horton Smith, young Springfield golfer, who recently came from to compete in the national P.G.A. tournament, and Ed Dudley, Los Angeles pro.

## RAZOR TRAIL NO LONGER A TRIAL

Perfected Cream Smooths Way to Shaving Comfort

Nearly every man knows the irritation of tugging shave that's a battle with every single hair in your beard. Shaving can be a trial, if you admit. It can be, that is, if you haven't discovered Squibb's. Nothing else can give you the inner satisfaction of feeling well groomed and sparkling, as clean, smooth Squibb shave.

Off comes the hairs, neatly and cleanly zipped. Before you realize it, your whole face is fresh and sparkling, healthily gay.

Squibb's Shaving Cream is a scientific cream. Experts studied and experimented for four years in the laboratory before they discovered the ingredients that make Squibb's so marvelously cool and pleasant. In actual shaving tests, the microscope shows that hairs cut with Squibb's are cut sharply and evenly—more sharply and cleanly than with other shaving creams on the market. This is the reason for the cool, smooth Squibb shave.

Squibb's Shaving Cream is also easier on your razor blades. It lasts longer and keeps their edges with less trouble.

The next time you run out of shaving cream, remember Squibb's. Go to the nearest druggist and buy a tube. It's forty cents.

COLUMBUS (O.) Oct. 22. (P)—Plans for a winter sports building at Ohio State University that will rival the horseshoe stadium, have virtually materialized, it became known today. The proposed enlargement of athletic facilities contemplates the erection of a coliseum building that will be utilized for basketball and other winter sports. Its anticipated cost is approximately \$750,000 and it will be financed from future stadium receipts without cost to the State. The debt on the stadium has virtually been wiped out. It is understood.

## MARYLAND TEAM PICKED TO WIN BATTLE FLEET TITLE

BY FRANK T. HARVEY

The battlehip Maryland football team is this week a strong favorite to cop the battle fleet grid title following their unexpected 20-to-6 victory over the submarine division at San Diego.

The undermanned warriors have won the title three years in a row. The time that any service team has taken them into camp in that period.

Victory to the Maryland was particularly sweet inasmuch as the San Diego team defeated the popular west coast naval title last year.

At present the local title hinges between the flagship California, the Maryland and the Pennsylvania. The three teams have emerged victorious in all games this year and

LEATHER-LUNGED BRUINS TURN OUT

Practices for the cross country team of the University of California at Los Angeles was inaugurated yesterday afternoon on the Bruin campus under the direction of Guy Harris, cross-country track coach. Five letter men returning from last year's team headed the large turnout of track aspirants. Bruce, captain-elect and one of the most valuable cross-country runners on the squad last year, heads the Bruin team. In its second season in the group, but refused to accept his challenge, Steinke declares he was not, for if he had been, he would have taken on the "trust buster" at the time. Efforts to sign the two for a match failed until yesterday.

This will be their first meeting since the San Francisco match, and it promises to be as sensational as any seen here in the last four months. The bout is considered as big as any championship match held here. Steinke and Plestine, former title-holder, Lewis and Joe Stecher, respectively. Tickets for the bout will go on sale at the downtown Olympic box office at 9 o'clock this morning.

Steiner's efforts to obtain a championship match were recommended by the New York State Athletic Commission shortly after Lewis defeated Stecher for the championship in St. Louis last February. The commission ruled that Lewis would be barred from New York until he had beaten Steinke. In the meantime, Steinke was world's champion, as far as New York's commission was concerned. Lewis had not wrestled in New York since the ruling was made, nor had he met Steinke in a match.

The big German then tried to force Lewis or both Lewis and Stecher into a bout by posting \$500 appearance forfeits with the Illinois, Wisconsin and California athletic commissions, but he dropped his efforts when Stecher retired. Now referee A. T. Hart decided that weather conditions at this time of year would not favor the holding of the race October 27, the date set when the October 18 race was stopped in the fifteenth mile after Fred Comer, a driver, was killed and several other drivers were injured.

BOSTON, Oct. 22. (P)—The management of the Rockingham Speedway at Salem, N. H., announced here today that the uncompleted 200-mile race of the 12th meet, has been definitely canceled for this year and will be rescheduled in June.

**OREGON "PRO" MAY ENTER LOS ANGELES OPEN**

New Christian, Waverly Country Club "pro" who is a favorite to win the Oregon open this year, has announced his intentions of entering the Los Angeles \$10,000 open at Riviera on January 1, according to Mr. Walter, secretary-manager of the Junior Chamber of Commerce, Christian, who finished in fifteenth position in the national open at Olympia Fields, holds the course record of 72 strokes for 18 holes at Portland, Ore., to be the scene of the Oregon \$5000 contest. His entry is the first to be received from the Northwest.

**AXELSON GOLF TEAM WINS INDUSTRIAL TOURNAMENT**

Axelson Machine Company's golf team emerged victorious over the Union Iron Works team by a score of 10½ to 7½ in a friendly match yesterday at Rio Hondo.

The Axelsons had six special prizes for the tournament.

**OREGON "PRO" MAY ENTER LOS ANGELES OPEN**

Ed More won low gross in the Junior Chamber of Commerce championship and fall tournament held at Girard recently. Le Roy Esker captured the low net trophy. The blind bogey prize went to Cliff Rawson. Hugh Neustadt donated six special prizes for the tournament.

**HELEN WILLS GETS NEW NET PARTNER**

**SAN FRANCISCO, Oct. 22. (P)**—A bolstering of the weak link in the Wightman Cup tennis team, the doubles pair we seen here today from the women's tennis commission, Helen Wills and Edith Cross both of California, have become partners.

Miss Wills, declared the greatest woman tennis player in the world, has long been the mainstay of the team, but, aside from Mrs. Hazel Hotchkiss, has had no outstanding doubles partner. Her pairing with Miss Cross, who starred brilliantly throughout the country this year, is believed a solution of the problem.

**HAHN IS WINNER IN COURT BATTLE**

**CLAREMONT, Oct. 22. (Excuse)**

Stan Hahn, captain of last year's fresh team and one of the eight seeded players advanced to the semifinal round of the Meyers Cup tennis tournament at Pomona College today. Hahn defeated Young Magee, senior, by scores of 8-7, 6-4 in a blistering match. Don Bent, Ted Campbell, Levan Zerbe and Lee Mills were still in the running.

The tourney ought to wind up this week.

**BIG TEN BASKETEERS WORKING IN EARNEST**

**CHICAGO, Oct. 22. (P)**—The Big Ten's basketball season is a long way off, but every squad in the conference is now in training.

As usual, Coach Walter Meany of Wisconsin is the leader.

He is well aware of the fact that his big squad has been shooting at the basket almost since the day school opened this fall.

**CLAREMONT, Oct. 22. (Exclusive)**

Driving through a long and vicious scrimmage, tonight, Pomona's blue-shirited gridders got down to work in earnest and prepared for the all-important battle with California Tech here Saturday. The Engineers' eleven was 22 to 8 and Nixon, the coach, was not pleased.

Broken field railing and line planning of the same, Davidson, inflicted upon the Engineers, tried to the Colorado and the Pomona, but the latter was able to bring them back.

Boxing and wrestling eliminated the Pomona, tried to the Colorado and the Pomona, but the latter was able to bring them back.

Both teams had been postponed until October 26 due to the fact that the Pomona's eleven was not available.

The undermanned warriors have won the title three years in a row. The time that any service team has taken them into camp in that period.

Victory to the Maryland was particularly sweet inasmuch as the San Diego team defeated the popular west coast naval title last year.

At present the local title hinges between the flagship California, the Maryland and the Pennsylvania. The three teams have emerged victorious in all games this year and

the teams are very evenly matched.

**Animals Live Ten Times Period of Maturity****Comparatively, Man's Life Span 210 Years**

From the most reliable data available, the average life of animals of the lower order is about ten times that of the period of its normal development. If it reaches his full development at 21 years of age, the normal life span would be 210 years.

Many elements enter into the length of human life, but if one is normal at birth and maintains it consistently with the advancing years—outside of accident and contagious infection—the human life span would be materially extended.

The ductless glands (endocrine glands) constitute the basic human motor and if they function as intended by Nature, it follows robust, vigorous health would be enjoyed to the fullest possible scope of the organic machinery. It is when one or more of the glands cease to supply the blood stream with its necessary substances that physical trouble shows itself in some form of disease.

**BOULDER DAM DELAY HINTED****Commission Reported Unable to Complete Task****Congress May be Asked to Give Extension****Measure's Backers Expected to Demand Passage**

WASHINGTON, Oct. 22. (Exclusive)—Apparently reliable word reached Washington today through the special engineering committee investigating the Boulder Dam project at the direction of Congress has found it impossible to complete its work by the time Congress reconvenes in December, and has decided to ask for more time.

If more time were made available, it is believed, "it would eliminate any possibility of final action on Boulder Dam being taken in the Seventieth Congress, which expires March 4 next."

The special board of engineers was appointed July 7, last, and has been meeting at the Interior Department here, met at Denver about the middle of July to start actual field work. It was under instructions to make a thorough study of the engineering feasibility of the proposed project and report to Congress not later than December 1.

**TASK TOO GREAT**  
This enormous task has been found impossible of achievement, according to the word now coming to Washington, with the result the five members of the board agreed to sum up their conclusions as far as they can go within the time allowed, and request Congress to permit a reasonable extension of time which they may file their final findings.

Dr. Elwood Mead, commissioner of the Bureau of Reclamation and other officials at the Interior Department said no reports had been delayed to be asked, had been received and declined to comment on how they thought Congress would react to such a suggestion from the board.

**EXTENSION POSSIBLE**

However, persons in and out of the government who are in close touch with the Boulder Dam situation generally are of the opinion the extension will be granted. They point out that the board's original report would be of little value to Congress and that absence of criticism of the board indicated Congress has full confidence in its personnel and good faith and will be likely to give serious consideration to any recommendations the board makes.

The reported move for delay of the engineering report would be fought bitterly by the proponents of the Boulder Dam project as it would wipe out the advantage they gained when the first bill through the House last session. They are concentrating their forces for a mighty effort to push their measure through the Senate in the coming short session. If they do not succeed, their cause for extension will probably be lost and will be compelled to start all over again in both branches of the new Congress coming in next March.

**FIGHT TO START EARLY**

The Boulder Dam fight is expected to flare anew the first day of the Senate session with Senator Johnson of California carrying out his expressed intention of demanding the project be made the first bill introduced in the Senate before the Senate constantly until disposed of. Unless his motion is granted it is Johnson's threat immediately to renew the filibuster which ushered the Senate out last June.

The engineering investigation continuing Boulder Dam is now somewhere in the Boulder Canyon continuing its work and no word has been received as to when it will

**INVENTOR QUILTS TO SAVE LIFE****Perpetual Motion Machine Pulled Him in Ocean, so He Gives Up in Despair**

CAPE MAY, Oct. 22. (AP)—Gustave Blucher of Reading, Pa., will bother no more with the problem of perpetual motion. He made a machine which, he thought, would run forever with the aid of the tides and brought it here for a test.

At first it crushed his right hand, but undaunted he went to a doctor and returned to the machine; then it slipped into the ocean, pulling him with it. The Coast Guard rescued him with a boat hook. He is content to leave the machine to the fishes.

\*\*\*\*\*  
SACRAMENTO, Oct. 22. (Exclusive)—Four new State penal and corrective institutions, three of which would be innovations in California, are to be built during the next year, Gov. Young revealed today in discussing reports that are to be made to the 1932 Legislature by the commissioners on a woman's prison, juvenile delinquency and crime.

The institutions were listed by the Governor as follows:

A separate penal institution for women offenders.

A thin State penitentiary, located in Southern California, would collect congestion in San Quentin and Folsom prisons.

A reformatory for youths too old or hardened to be sent to the Probation or Whittier industrial schools and too young to be committed to San Quentin.

A so-called two-way institution to which juvenile offenders could be sent to determine whether they should be committed to an institution or placed on parole under close supervision.

Gov. Young, while not committing himself to the projects, said it is possible the Legislature may ask the Juvenile Delinquency Commission to make a study of the two-way institution and the reformatory proposals.

"Every effort should be made," declared Gov. Young, "to bring about the reformation of juveniles and the protection of society. How to do with such cases is a problem that requires much thought and study, but it is a problem that is pressing and must be solved."

The 1932 Legislature is likely to approve the recommendation of the Woman's Prison Commission by enacting a law for its establishment.

Its 1927 action virtually was an approval of the plan to provide a separate State institution for women who commit crimes.

Gov. Young said the crowded condition at San Quentin and Folsom prisons also require that serious consideration be given to the problem of establishing a third State prison. Such a prison, said the Governor, undoubtedly would be located in Southern California, which is sending such a large percentage of convicts to the penitentiaries in the north.

After the ceremonial here, Agnew planned to go to Mexico City today to attend a Shrine ceremonial. This was Agnew's first airplane trip but not his first air experience, for while serving with the Union Army during the Civil War he was an observer in a captive balloon on the Potomac, and was fired on frequently by the Confederates. That was in 1862.

After the ceremonial here, Agnew planned to go to Mexico City by plane. He was met at the landing field by a delegation of Masons to whom he stated he had immensely enjoyed a trip over the mountains which took three hours and that he had gotten little sleep on account of it.

Agnew's daughter, Miss Clara Young, lives at the Hotel Gotham, Los Angeles.

**Wisconsin G.O.P. Chairman Flays Crime Detailing**

MADISON (Wis.) Oct. 22. (AP)—HERMAN L. EKERN, chairman of the Republican State Central Committee, today stood openly opposed to Walter J. Kohler, Republican nominee for Governor, on the ground that Mr. Kohler had violated the Corrupt Practices Act by excessive expenditures in his primary campaign.

Ekern charged by law with the responsibility of promoting the election of the party nominees for State offices, said he spoke only for himself and not for the committee.

"To nominate at or remain silent concerning what we believe to be grant violations of the law by Mr. Kohler in the recent primary would in my opinion constitute a gross breach of trust reposed in me as chairman," said Mr. Ekern, a La Follette progressive, former Attorney-General and one-time candidate for Governor.

**Birkenhead May Head Cable Unit**

LONDON, Oct. 22. (AP)—Lord Birkenhead, former Secretary of State for India, who has stepped out of the Baldwin Cabinet to go into business, is likely to head the new cable and wireless combination imperial communications—well informed circles believe. His salary is reported at £15,000.

Actual formation of the new combination will be left to parliamentary action but the government's bill providing for it is expected to be passed by both houses long before the dissolution of Parliament next June.

**Marines Escape Malarial Fever**

WASHINGTON, Oct. 22. (AP)—The Naval Bureau of Medicine and Surgery advised Secretary Wilbur today that despite the rainy season in Nicaragua the 5700 marines and bluejackets on shore duty have been unusually free from malaria and only one death from that disease has been reported during the past year.

The couple have been acquainted for twelve years but the engagement is said by newspapers to date from a recent automobile accident in which Capt. Grant was injured near the residence where he was taken to recover.

Last year Capt. Grant's engagement to Cicely Gordon-Cumming of a noted Scottish family was announced, but subsequently canceled.

LAHORE (British India) Oct. 22. (AP)—Five persons were killed today and twenty-one injured when a bomb exploded with a large Hindu crowd was returning from celebrating the Hindu festival of Dussehra.

**CARNES INDICTMENTS NOW TOTAL EIGHTEEN**

ATLANTA (Ga.) Oct. 22. (AP)—An additional indictment charging Clinton S. Carnes, former treasurer of the Baptist Home Mission Board, with embezzlement to return to-day by the Fulton county grand jury, bringing the total number of true bills against him to eighteen.

It charged that on April 24, last, he misappropriated \$13,000 in securities, sold them and converted the proceeds to his own use. Peccadillo was charged against him in the eight indictments amount to approximately \$425,000.

Southland May Get Third Penitentiary

SACRAMENTO, Oct. 22. (Exclusive)—Four new State penal and corrective institutions, three of which would be innovations in California, are to be built during the next year, Gov. Young revealed today in discussing reports that are to be made to the 1932 Legislature by the commissioners on a woman's prison, juvenile delinquency and crime.

The institutions were listed by the Governor as follows:

A separate penal institution for women offenders.

A thin State penitentiary, located in Southern California, would collect congestion in San Quentin and Folsom prisons.

A reformatory for youths too old or hardened to be sent to the Probation or Whittier industrial schools and too young to be committed to San Quentin.

A so-called two-way institution to which juvenile offenders could be sent to determine whether they should be committed to an institution or placed on parole under close supervision.

Gov. Young, while not committing himself to the projects, said it is possible the Legislature may ask the Juvenile Delinquency Commission to make a study of the two-way institution and the reformatory proposals.

"Every effort should be made," declared Gov. Young, "to bring about the reformation of juveniles and the protection of society. How to do with such cases is a problem that requires much thought and study, but it is a problem that is pressing and must be solved."

The 1932 Legislature is likely to approve the recommendation of the Woman's Prison Commission by enacting a law for its establishment.

Its 1927 action virtually was an approval of the plan to provide a separate State institution for women who commit crimes.

Gov. Young said the crowded condition at San Quentin and Folsom prisons also require that serious consideration be given to the problem of establishing a third State prison.

Such a prison, said the Governor, undoubtedly would be located in Southern California, which is sending such a large percentage of convicts to the penitentiaries in the north.

After the ceremonial here, Agnew planned to go to Mexico City today to attend a Shrine ceremonial. This was Agnew's first airplane trip but not his first air experience, for while serving with the Union Army during the Civil War he was an observer in a captive balloon on the Potomac, and was fired on frequently by the Confederates. That was in 1862.

After the ceremonial here, Agnew planned to go to Mexico City by plane. He was met at the landing field by a delegation of Masons to whom he stated he had enjoyed a trip over the mountains which took three hours and that he had gotten little sleep on account of it.

Agnew's daughter, Miss Clara Young, lives at the Hotel Gotham, Los Angeles.

## SIGNAL OIL AND GAS PROFITS UP

*Net for Nine Months of Year Best on Record*

*Total of \$1,045,617 Shown in Report on Period*

*Earnings for Three-quarters Total \$5.04 Share*

Net earnings of Signal Oil and Gas Company for the nine months ended September 30, last, were the highest for any similar period in the history of the company and totaled \$1,045,617 after all charges, including depreciation, depletion and Federal taxes, according to a statement issued yesterday by the company.

This is equivalent to \$5.04 a share on the outstanding stock as against an annual rate of \$4.75 a share. There is at present outstanding 146,407 shares of Class A and 48,800 shares of Class B, for a total of 195,206 shares of both classes. Both stocks have a par value of \$25 a share.

Net profits for the entire year 1927 amounted to \$700,000 and for the first six months of the current year totaled \$647,748 before depreciation, depreciation and Federal taxes.

Net profits after all charges for the third quarter amounted to \$202,716, which compares with \$202,716 in the second quarter and \$204,721.10 in the first quarter.

Gross sales for the nine months totaled \$3,062,738, as against \$1,385,413 for the same period in 1927, a gain of \$1,679,325 or 121 per cent. Net operating profits amounted to \$1,693,738.72 for the nine months. During the third quarter natural gasoline production reached approximately 120,000 gallons a day, which is practically double the production as of the first of the year.

Discovery of a new field, where the company has under lease about 1400 acres was reported yesterday, with the well in the Signal McVan No. 1 well.

Last evening drilling was still in the sand at 1275 feet and preparations were being made to set pipe at a late hour. The field lies about five miles west of the water front of Kern River and about five miles west of the Mt. Pojo pool.

Since January 1 three new oil fields have been developed by the company and a total of six wells drilled since that date. During the last quarter there will be as many more wells completed, it was stated.

### GLIDDEN PROFITS UP

CLEVELAND, Oct. 22. (Exclusive) Net profits of the Glidden Company for September totaled \$206,270, after all charges, which is an increase of \$37,154 over \$171,115 reported for the same month last year. Sales thus far in October show an increase of about 15 per cent over October 1927.

## PROFITS ON TRACTOR IN SHARP GAIN

*Board Declares Extra on Excellent Showings for Nine Months*

*SAN FRANCISCO, Oct. 22. (Exclusive)*

With the release of an excellent third-quarter earning statement Caterpillar Tractor directors today announced the payment of another 20-cent extra in addition to the regular 55-cent dividend.

With combined sales of Caterpillar and Western Harvesters for the third quarter at \$60,000,000 the nine month business of the company shows a 22 per cent gain over the same period last year. As a result of greater buying from the farming element, increased industrial demand for its tractors and combines allowed both its tractor and harvester sales. Caterpillar is able to show sales of \$33,756,900 for the nine months of 1928. These compare with \$21,688,423 for the estimated period of 1927.

Combined net earnings based on estimated inventory and Federal taxes, from operations during the third quarter were \$2,768,947, or at the rate of \$1170 per share on the common. They bring the total for the nine months up to the record figure of \$7,091,944, an additional advance over the \$6,917,795 total for the first nine months of 1927.

At the present rate of growth earnings for 1928 will pass the \$10,000,000 mark.

Consolidated net earnings as a result of the steady growth in business shows earnings for the nine months of 1928 equivalent to \$4.54 per share on the common as against \$3.18 for the same period a year ago.

## Daily Average Oil Output in Slight Slump

*NEW YORK, Oct. 22. (AP)—The daily average production of oil in the United States decreased 1100 barrels for the week ended the 20th inst. totaling 1,204,000 barrels says the weekly summary of the American Petroleum Institute today. The daily average production east of California was 1,068,000 barrels, an increase of 3100 barrels.*

## Losing \$70 isn't pleasant!

—but it's apt to happen to any bond buyer who is too busy to read call notices.

For example you own two \$1000 7% bonds paying \$140 interest per year. Like most bonds, they are not registered and you receive no notice of call. When you present your latest \$70 coupons for payment, you learn the bonds were called six months ago and the interest lost forever.

California Company keeps a complete record of called bonds on file. Consult it today or let us check your list for you. No obligation.

## MISSIONARIES OPEN SESSION

*Field Workers from Far-Off Places Meet Here*

*Methodist Foreign Society in Annual Convention*

*Honor Paid Memory of Dead by Assemblage*

From the far corners of the earth—Burma, South America, Africa, Mexico and many other lands—there assembled yesterday at the First Methodist Episcopal Church, Eighth and Hope streets, members of the Women's Foreign Missionary Society for the opening day of the fifty-ninth annual session of the general executive committee.

Registrations during the morning included delegates from each of the eleven branches of the organization in the United States, the society editors and publishers, corresponding home base and special secretaries, general officers and furloughed missionaries from the eleven foreign countries where the society carries on its work.

### FIELD WORKERS ATTEND

Workers in foreign fields come home on furlough every five years and when at home it is incumbent upon them to attend the annual meeting. Yesterday all foreign representatives met at the church to execute their duties during the course of the field, which, according to members, are arduous and complicated as a result of the wave of nationalism which is sweeping the world at the present time. Only missionaries and officers attend these meetings, which occupy two days.

In the afternoon, with Mrs. Thomas Nicholson, president, serving as chairman, the first general session of the society was held in the church auditorium. It consisted of a memorial service for nine missionaries who have died within the last year, among them several who had been outstanding in their work in foreign fields. Miss Elizabeth Russell, for example, was a prominent woman in Japan, having founded the mission of the Society. Dr. Anna Glass did noteworthy medical work in China and Miss Mary Hillman had distinguished herself for her accomplishments in Korea.

### FOR LAW ENFORCEMENT

"We are not here to talk politics, and we are not going to say for whom we shall vote," declared Mrs. Thomas Nicholson, at the night session of the society at the First Methodist Church last night, "but the Women's Foreign Missionary Society stands for the enforcement of the law and the protection of the Constitution."

This declaration brought the most enthusiastic applause from an audience of men and women who filled the auditorium and the balconies of the church. In spite of the conclusion of Mrs. Nicholson's address, the meeting had been held and work of the society across the fifty-nine years of its existence.

The meeting opened with an address by Bishop Charles Bayard McCormick, the delegate from Indiana, on furlough and new missionaries about to take up their life work in foreign lands.

Mrs. Charles Sparto, national secretary, read the annual report of the work being carried on in China, in Japan, Korea, India and Africa and Miss Florence Hooper, treasurer of the Women's Foreign Missionary Society, followed with a report of the finances of the organization.

### SOCIETY'S GROWTH TOLD

Miss Hooper declared that the society has grown to be one of the world forces of the spirit to be reckoned with by every nation. She told

of the increase in donations and subscriptions that \$250,000 had been received by the society in the past ten years.

More than seventy-five missionaries home on furlough and several who were introduced from the platform. Many of the women presented had served from five to forty-five years in foreign fields.

The second day's session will open tomorrow morning at 9:30 and will be followed in the afternoon and evening of all of them in the First Methodist Church, Eighth and South Hope streets.

### MANY NOTABLES PRESENT

Included among some of the most notable of the missionaries who are attending the meetings this year is Miss Marie Brothman, who literally fought her way out of West China to bandit-infested country in order to reach home. For many days after her return from Japan and immature times she had the terrifying experience of having a gun at her heart with the expectation that it might go off at any moment.

There also are Miss Ida Eddie Lewis, head of the Women's Christian Connection; Miss Ida Frantz, head of the Keen School in Tien-tsin; Miss Edna Abbott, whose clinical work among the so-called "untouchables" of India has been remarkable; Miss Rue A. Sellers, who has just returned from Japan; Dr. Anna Glass did noteworthy medical work in China and Miss Mary Hillman had distinguished herself for her accomplishments in Korea.

### HUSBAND AT MORGUE

She was identified at the morgue as Mrs. Rosa Lopez Gómez of 105 North High street yesterday morning a Mexican woman about 45 years of age slumped down in her chair and apparently became unconscious. She had seemed to the waiters to be inebriated but when he failed to revive her he called an ambulance. The ambulance surgeon pronounced her dead and she was taken to the County Morgue, where an autopsy disclosed that she had died of heart disease, probably superimposed by alcoholism.

### WIFE AT MORGUE

She was identified at the morgue as Mrs. Clara Petiot, 27 years of age, who lived at the St. Paul Hotel, 1021 West Sixth street, was found dead in her room yesterday morning. When the police learned that she had been drinking Monday night with another woman and a man they questioned her companion, who gave their names as Marie Weston of 421 South Union Avenue, and J. W. Hackworth of Ojai.

### COMPANIONS ALIVE

Neither of the dead woman's companions showed any ill effects from the liquor they admitted drinking and therefore no post-mortem was made of poisoned liquor. Miss Weston said Mrs. Petiot had been suffering from stomach ulcers and had been warned by physicians not to drink any alcohol. Her body has been taken to the County Morgue, where an autopsy will be performed to determine definitely the cause of her death.

### WILLIAM AUSTIN'S SPECIAL MESSAGE

William Austin, whose dapper sophistication is a seven part has invited more George Marion, Jr., titillating whiskeys than any other Paramount contract player, has been added to the cast of the new Bob Hope starring picture, to be made for the Hollywood studios.

Austin will play the society editor of the newspaper which employs Miss Daniels, this being a story of city editors, news beats, political intrigue and gangland warfare.

## DEATH STRIKES AT TIPPLERS

### Three Alcoholic Fatalities in City Yesterday Start Fruitless Poison Quest

Three sudden deaths of persons who were under the influence of alcohol yesterday caused police and Federal authorities to suspect that poisoned liquor was being sold in the city, but investigation of all evidence that the victims had been unfortunate enough to die in their trouble. But it should not be forgotten that this commission has no power or authority to pass upon her rights, nor can any action of ours preclude her asserting her legal rights before the trial tribunal, which would willingly take any action that would prejudice her rights.

### EXPRESS SYMPATHY

"The commission is not now, nor has it at any time, been unkindly of the ordeal through which the unfortunate member Mrs. Collins, has passed, and is now passing. She has our fullest sympathy in her trouble. But it should not be forgotten that this commission has no power or authority to pass upon her rights, nor can any action of ours preclude her asserting her legal rights before the trial tribunal, which would willingly take any action that would prejudice her rights.

### CHARGE VOTED

Pieces did not change his views on the subject and was supported by the other commissioners in a motion to modify the regulations making 36 years the maximum for ex-service men.

In the meantime the Civil Service Commission is going ahead with arrangements to hold an examination for veterans on the 27th instant, provided that all applicants must be between 35 and 36 years of age. A total of 864 will take the examination, including many veterans 30 years of age and under.

### PUBLIC HEARING MAY SETTLE CONTROVERSY

The City Council's Efficiency and Personnel Committee, of which Councillor Bill Randall is chairman, had a public hearing yesterday afternoon at the City Hall on Councillor Randall's proposal that the age limit for men entering the police department be fixed at 25 years of age to 35 years of age.

With Chief Davis' announcement of the suspension of Jones yesterday, Commissioner Thorpe declared that under a former order "conduct unbecoming an officer and a gentleman" was not sufficient grounds for removal.

The party incident Henry S. Hahn, as well as the director of the division of interests and education of the Carnegie Foundation, and Paul Cowles, superintendent of the western division of the Associated Press. A list of the visitors, said to be among the most prominent, was given by the Councilor yesterday.

The visitors were asked to remain in their positions in the British Isles, and their designations follow:

### DISTINGUISHED GROUP

Ralph D. Blumenthal, J. P. head of the party, president of the Institute of Journalists, chairman and editor-in-chief of the Daily Express, London; Sir Charles Iggleston, Kt., J. P., F. S. A., vice-president and past president of the institute, editor of the *Evening Standard*, London; Sir George Armstrong, Bart., C.M.G., editorial adviser to the Chronicle group of newspapers, including the Lancashire Daily Post, London; W. J. T. Collins, editor of the South Wales Argus, Newbridge, Wales; John L. Parker, editor of the Surrey County Herald, Sutton, Eng.; R. A. J. Walling, managing editor of the Western Independent, Plymouth, Eng.; William Cowper-Brown of the York Daily Evening News, London; E. B. Murray, The Scotsman, Edinburgh, Scotland; H. G. Davey, J. P., of Berrow's Worcester Journal, Worcester, Eng.; F. Lawrence Johnson of the North-Eastern Daily Gazette, Middlesbrough, Eng.; Henry Collinson, owner of the Daily Telegraph, London; Alan Pitt-Roberts of the Times, London; William Clarke, Dublin, correspondent for the Belfast Telegraph, Belfast, Ireland; William Robert Willis, York, England; for the Yorkshire Post, Leeds, Eng.

The foundation last year sponsored a tour of England by a group of prominent American newspaper men.

### SUIT AGAINST FICTION WRITER UP NEXT MONTH

When the case of Cora Bee Sheldfield against Will Lexington Comfort, author of magazine stories and others asking \$4750 for an asserted breach of contract, was called for trial in the court of Superior Judge Yankwich yesterday it was continuance until November 27.

Miss Sheldfield asserts in her complaint that she became the tenant of the author when she fixed up an art store at 1124 Fair Oaks avenue, Pasadena, believing she was to be a permanent renter. She built an artistic fireplace in the storeroom and made other improvements to the over a long rental period. Then, the asserta, she was ejected because of the place being leased to some one else.

The defendants deny Miss Sheldfield was ejected as asserted or that she has suffered damages.

More than 50,000,000 pounds of rayon will be produced in Italy this year.

read at the open meeting by President Schweizer, and approved by the Chief of Police in suspending Acting Captain Jones meets with our entire approval. Doubts the accused often will demand a hearing before this commission. This is in addition to the hearing he will have before the board of inquiry. He will be accorded an opportunity to appear with counsel if he so desires, and the hearing may proceed as provided by the charter, before the body vested by law with authority to hear on the matter.

"I have been advised that there are witnesses who were not heard at the commission's prior investigation of the case of Officer Jones, who could give valuable evidence. If so, this commission desires to hear them to the end that justice may be done.

### EXPRESS SYMPATHY

"The commission is not now, nor has it at any time, been unkindly of the ordeal through which the unfortunate member Mrs. Collins, has passed, and is now passing. She has our fullest sympathy in her trouble. ### MORE EVIDENCE

The "invitation" extended in yesterday's statement for Jones to appear before the grand jury for investigation, is expected to be taken by the police officer. In that event all the testimony previously heard and more not presented at last week's session will be introduced.

With Chief Davis' announcement of the suspension of Jones yesterday, Commissioner Thorpe declared that under a former order "conduct unbecoming an officer and a gentleman" was not sufficient grounds for removal.

Chief Davis asserted that the decision is in connection with the Collings case and that a statement providing detailed charges will be forthcoming from his office shortly.

The witness was asked to remain in their positions in the British Isles, and their designations follow:

### PROTECTION FOR MERCHANTS

Protection for business institutions in West Hollywood is designed in a rule adopted yesterday by the retail commissioners department of the West Hollywood Chamber of Commerce, which will require that all solicitors operating in the West Hollywood district be provided with a letter of clearance from the chamber. The letter will be issued to those in West Hollywood who consider any advertising scheme or medium which has not first been scrutinized by a committee of the chamber and received sanction.

### POLICE BOARD'S POSITION OUTLINED

"Of the four matters referred to the Police Board, only the first, the trial for information, that of the incarceration of Mrs. Christine Collins in the psychopathic ward of the General Hospital by Acting Captain Jones for refusal to recognize Arthur Hutchins, importer, as her attorney, can be taken up at this time.

There is nothing to be done about investigating the record of the operation of the Ship Canal, which the place has been closed up for some time.

In regard to the grand jury's suggestion that prisoners taken out of jail for investigation should be examined and released of their condition, he said no action of the kind is necessary.

As to prohibiting agents of bond brokers from operating inside city jails, there are measures already in force against this, according to Schweizer.

FOR  
MATISM

*When I found myself kidnapped by Mexican bandits and held captive, I was tortured in his home in Los Angeles, and for the first time in my life I had an actual account of an experience which it was feared I would never live to tell. The United States Department of State, the Mexican government and the mining company employing Bumsted finally won his release through the payment of the largest ransom ever paid for an American citizen.*

*WILLIAM E. BUMSTED*

*Member of the North American Newspaper Alliance.*

*On October 12, 1927, I met another high chief of the bandit gang, Pedro Martinez, who arrived the day after I did. He told me all the horrors of my fate if my ransom were not paid.*

*He traveled slowly toward Buenos Aires about 4 o'clock in the afternoon, when suddenly Sanchez and another Mexican popped out of the brush on the side of the trail. I had no idea what they wanted, so I asked them I would like to see the river.*

*Sanchez and his companion were carrying four bags full of gold coin, each bag weighing about 100 pounds. They threw them on the ground, spread his leather chaps and said, "Here it is! Surprised at the apparent amount, I asked, "What's this?"*

*"Twenty thousand pesos, isn't that right?" Sanchez replied in English.*

*He asked me to count it. The coins were all of ten or twenty pesos denomination. Sanchez spread his leather chaps and said, "I am a good man, but I am a bandit, and they are bad men, but I am a good man."*

## Removing Make-Up the Important Thing

If keeping a School-girl Complexion is your aim

Use this treatment of famous beauty oils to cleanse correctly.

WHETHER you use rouge and powder or not—you can never have a truly charming complexion if natural beauty is missing. Natural beauty may be enhanced by make-up—but without natural loveliness cosmetic cannot fail to seem artificial.

One of the greatest complexion errors that can be made is in attempting to cleanse the skin thoroughly without using the right soap. Only a true beauty soap, made of the oils of olive and palm—such a soap as Palmolive—will do. The day's

accumulation of soil, the old make-up, must be carefully removed from the pores by the gentle use of these natural soaps that Nature provides.

Each night do this: Wash your face with warm water and the abundant lather of Palmolive. Gently massage the rich suds into the pores with your hands. Do it leisurely. Then rinse—first with warmish water, then with cold. Your face, stimulated by this treatment, feels smooth and soft.

The palms don't need oil. Add just a touch of good cold cream to prevent dryness, then.

Be sure you use Palmolive. It's a cake everywhere. Colgate-Palmolive-Peet Co., Chicago, Ill.

## SOCIETY

BY JUANA NEAL LEVE

One of the most enjoyable affairs of recent date was that with which Mrs. Clayton M. McCauley entertained Thursday in her beautiful new home in Los Feliz Hills. The house being artistically decorated with a profusion of varicolored flowers, against a background of foliage and ferns.

Mrs. McCauley was assisted by Miss Wallace M. Henry, Miss Jean Starnard and Miss Amelia Hughes. The tea was given especially in honor of the William Gibbs McAdoo Foundation, Dr. McAdoo, Mrs. McAdoo, Mr. and Mrs. John G. Gibson and Mrs. Bayard ushered.

A reception for the two families followed at the home of the bride's mother, Mrs. Davies receiving her guests in a gown of gray georgette with which she won a shoulder bag and a corsage. Mr. and Mrs. Haslett then left for a honeymoon in the north, after which they will make their home at the Haslett ranch in San Fernando.

The bride was graduated from Los Angeles High School in 1927. Mrs. Lawrence Quiggle, vice-president-general of Children of the American Revolution, and Miss Helen Stroud, both visitors to Southern California from Washington, were also special guests of honor.

Dr. D. L. and Mrs. A. E. Payne gave several songs, accompanied by piano.

**Bridal Shower**

The Whistler Methodist Church was the scene last evening of a lovely wedding when Miss Allene Davies, daughter of Mrs. Hywel Davies of South Normandie avenue, became the bride of Roland Phelps Haslett, Dr. Willard Phelps' only child. The wedding was attended by 250 friends and relatives. Dahlias in autumn shades decorated the church, and the ceremony was read to soft organ music.

**Luncheon Party**

Miss Elmie Mapf of 621 South Lorraine Boulevard was the attractive hostess at a beautifully ap-

pealing luncheon in white roses and lilies of the valley. Her two sisters, Mrs. Richard Johnson and Mrs. Donald C. M. Wilder Davies, were her attendants wearing three-shaded frocks of tulle ranging from beige to burnt orange and carrying Madame Drew roses. The little flower girl, Ann Parrish, was similarly dressed and carried a red-fashioned bouquet.

Misses Smith, brother-and-sister of Mr. Haslett, served as best man. Herbert Haslett, Jr. who is attending Stanford University, at the last moment being unable to attend the ceremony. Harry Lamont, Dr. McAdoo's son, officiated.

## ELECTION WILL BE BROADCAST

"The Times" Will Co-operate With KHJ

Service Likely to Continue Until 3 A.M.

Experienced Handlers to Be in Charge

BY DR. RALPH L. POWER

The night of November 6 and the early morning hours of the following day election returns will be broadcast over KHJ, the Don Lee station, with material gathered by The Times' election bureau.

National, State and local divisions of the news staff of the paper with the statistical data interwoven with digests of news from all over the country.

The service will start at approximately 7:30 p.m. and will continue as long as may be necessary. This will be followed shortly around 3 o'clock the next morning.

Until 10 p.m. the election news will be given at intervals during the studio hours of the Don Lee station. Then for two hours the dance music of Earl Hewart's orchestra will be broken into at periodic intervals for the political digest.

### SPECIAL PROGRAM

Commencing at midnight a special program will be broadcast over KHJ and the station will not sign off at 12 o'clock as is usual week day and Sunday nights, according to Glenn Dolberg, night manager.

The results of the Presidential and Congressional elections will be announced at First and Broadway over remote control to KHJ's transmitter, where the recently installed crystal control gives 40 per cent better modulation than under the old system.

This means that the program will be heard far greater distances and with considerably better modulation than under the old system, says E. K. Barnes, day director for the Don Lee radio station.

State, county and municipal election news will be given from time to time along with the Presidential and Congressional returns. The Times' radio service will be made available by its own election bureau to stations throughout the state, its own correspondents at distant points and its own staff of political writers and authorities.

### OLD METHODS GONE

The old methods of shouting election figures through a megaphone or running them on lantern slides in front of newspaper buildings has gone by the board.

Radio has taken its place. But it is to be expected that the election turns of November 6 will be vastly superior to the broadcast of four years ago, when radio was more or less in its infant stage.

The tabulations will be accurate, the editing concisely done and the transmission of the election results in a mandarin manner. In other words, every single feature of the KHJ election service of The Times will be in the hands of persons experienced in handling election news.

The radio service will be an additional service of The Times, in addition to the reading columns of the newspaper, and will be on the air through the co-operation of Don Lee, owner of KHJ.

## Elsie Dempsey, Sister of Jack, Marries Actor

Elsie Dempsey, sister of the former heavyweight champion, and Danny Beck, vaudeville actor, are on their honeymoon in Salt Lake City following their marriage at Salt Lake City Monday after a four-day stay at a hotel.

The couple married for the first time Thursday at the theater where Beck is playing an engagement. The bride is accompanying her husband on the remaining four days of his vaudeville tour, which they will return to Los Angeles.

Miss Dempsey has played minor roles in motion pictures and for a time was with the Henry Duffy Players in San Francisco. She has been accompanied by her mother, Mrs. Cecilia Dempsey, in Salt Lake City for six months.

Shortly after the ceremony the couple received a message of congratulations from Jack Dempsey, who is en route from New York.

# Navy Jumpers at San Diego Make First Formation Parachute Descent

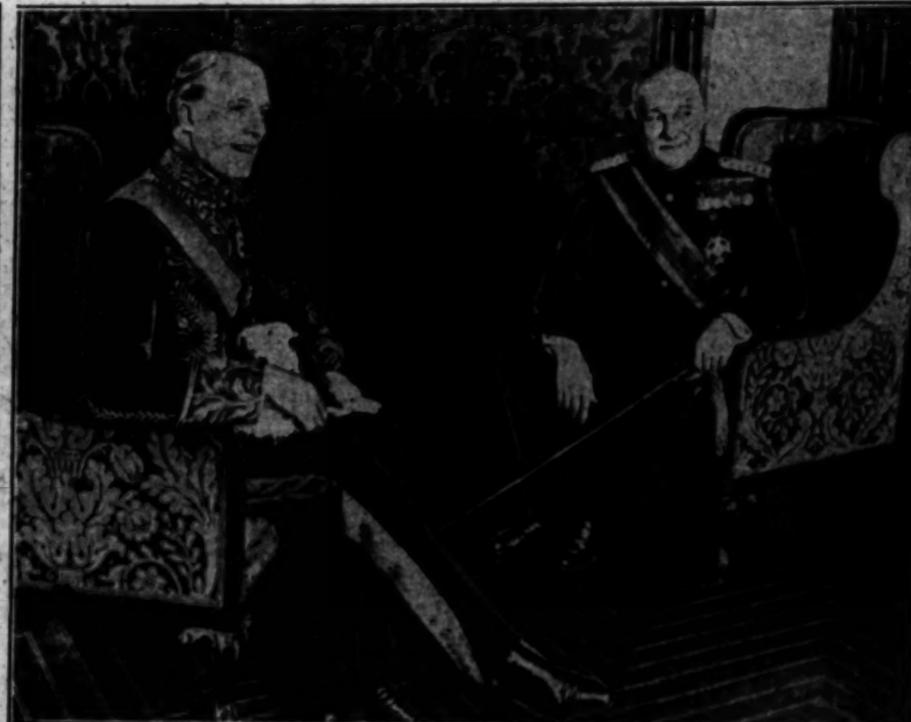

Five Navy Airmen Dropped From Planes at an altitude of 2000 feet above San Diego a few days ago and descended in perfect echelon formation, the first time the feat had been successfully accomplished. The quintet, all wearing Russell lobe parachutes, are pictured on way down.

On Sixty-fifth Anniversary of Historic Clash between Federals and Confederates at Fredericksburg, Va., President Coolidge addressed a record gathering in Virginia town. Photo shows President and Mrs. Coolidge leaving site following ceremonies. (P. & A. photo.)

French Commander, Capt. J. G. P. Bramand du Boucheron, of the cruiser Duquesne which recently slid into New York Harbor, pictured above. (P. & A. photo.)

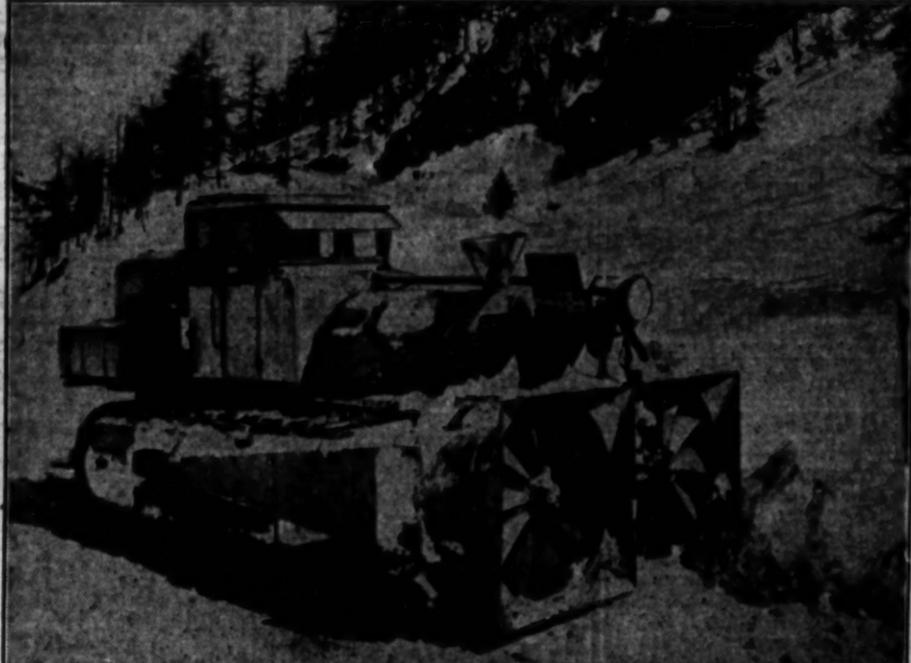

Many Members of the Royal Court of Spain Were Present at Formal Ceremony at Madrid last week when Sir George Grahame, former Ambassador to Belgium, presented to King Alfonso his credentials as British Ambassador. Sir George (left) and Gen. Primo de Rivera, Spanish dictator, posed for this photo in the throne room. (P. & A. photo.)

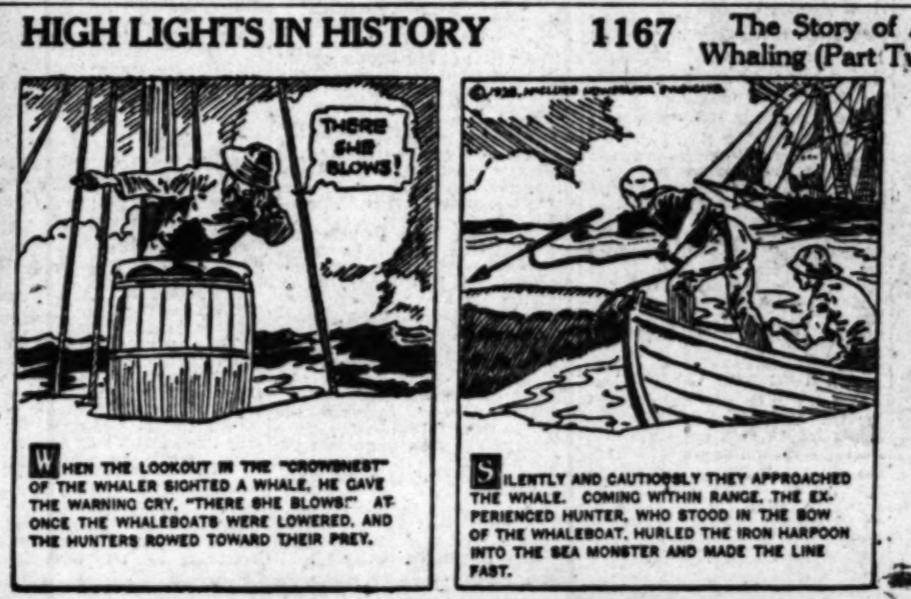

Oldest Newspaper reporter in the United States, Albert H. Phillips of Denver, recently celebrated seventy-eighth birthday. He's still on news trail. (A. P. photo.)

Hickman Influence Still Prompts Violence—Depression following the hanging Friday of the brutal Los Angeles murderer prompted Leong Ying, killer of eleven of his countrymen, to take his life in death row at San Quentin yesterday by strangulation. He was to be hanged November 9. Ying is here pictured with deputy shortly after his arrest. (A. P. photo.)

Novel "Snowsweater" to Keep Swiss Mountain Roads Open for Tourists—A score of unusual snow "plows" identical to the one pictured above, have been sent into the tourist sections of the Swiss Alps to keep roads cleared of snow for winter visitors. Snow is sucked in through fans in front and ejected through vents in side. (P. & A. photo.)

## HIGH LIGHTS IN HISTORY

1167 The Story of American Industry.  
Whaling (Part Two)—the Whale Hunt.

by J. CARROLL MARSH

Comely Young Musician, Miss Fern Buckner, Pacific Palisades violinist, is the seventh Californian to win a scholarship at Curtis Institute of Music at Philadelphia.

Another Martyr to Speed

(Wild Bill) Henson, young pilot, crashed to his death near Franklin's Ranch, where he had been flying his plane at night air mail last week. (Photo.)

California Sunshine Chases Kinks in Calves of Chorines, production of show "Sally," which is shortly to open at the Broadway Palace, includes, before, the twenty young ladies who will comprise the chorus are seen drill atop a Hollywood theater building where Old Sol can get in his teeth.

An Old Custom Was Revived in Mexico when high officials of the nation and municipality drove through the streets orally publishing the decree appointing Emilio Portes Gil as provisional President of Mexico. The official car is here shown on one of principal streets. (P. & A. photo.)

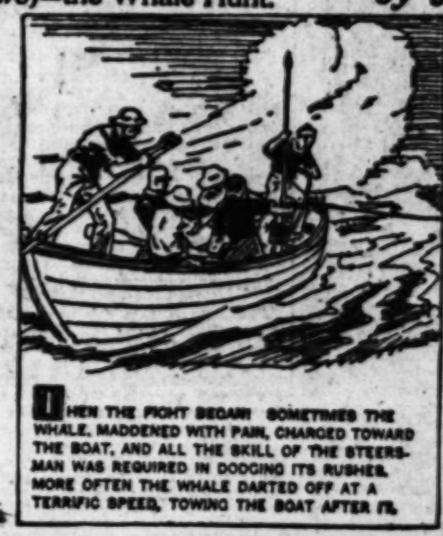

Thirteen-story tower of Wal-Mart building in Los Angeles, which is under construction, is made of reinforced concrete. It is to be completed in time for the opening of the new city hall.

Do you...  
"Always."  
"Lucky boy."  
"I am. But I didn't get good coffee until we M.J.-B."

Many people find that when you drink M.J.-B. it gives you a flavor that other brands can't.

Now it comes to you in an easy-to-open can available in every grocery store packed by our own.

M.J.-B. COFFEE

When the fight began, sometimes the whale, maddened with pain, charged toward the boat, and all the skill of the steersman was required in dodging its rushes. More often the whale darted off at a terrific speed, towing the boat after it.

RECENTLY THE WHALE SWUNG OUT 100 MILES AWAY FROM THE SHIP AT WHICH IT WAS HUNTING. THE HUNTERS HAD TO ROW OUT AND, AT LAST, THE WHALE TURNED AND STRUGGLED, SLACKENED ITS RUSHES. THE BOAT DREW NEAR, AND THE STEERSMAN DREW BACK WITH A THRUST OF THE LASH.

## APPLE WEEK WILL BE STRESSED Merchants Back National Campaigns

There'll Be Plenty of Fair Co-operation.  
Miss Kay Bryant and Miss Edna Conway are all set to help in the observance beginning the 31st inst. and plan during the week to eat an apple at every meal.

**C-O-PERATING** with the International Apple Shippers' Association, merchants of California are urging the public to wholehearted observance of national apple week from the 31st inst. to November 6. This year the slogan is: "Pass the Apples Around; Pass Them Around Again."

The Union Pacific system is lending its assistance to popularizing the observance.

Reports from the bureaus of Collegiate institutions at Kalama-

## FLORAL SHOW BLOOMING

**Exhibitors Entering Choicest Flowers With Indications of Truly Magnificent Display**

PASADENA Oct. 23.—With the closing of entries yesterday for the Southern California Flower Show, 200 exhibitors are arranging their choicest blooms preparatory to the judging which will start tomorrow morning. The show will open for the public at 2 p.m., tomorrow and it is expected that the judges will announce their awards at 4 p.m.

The exhibits, featured by a \$30,000 display of orchids, occupy most of the floor space in a huge tent that has been pitched on the civic auditorium site located at Green street and Garland avenue. The show will be open every day from 10 a.m. to 10 p.m. for the rest of the week, closing Saturday night.

Due to an unusual production of flowers all over the State this year, Gustav Lieber, president of the Pasadena Horticultural Society, sponsor of the exhibition, believes the show will be of unusual interest.

### Alameda Sheriff Named President

EL CENTRO, Oct. 23.—The body of 3-year-old Martha Gelsler of the McCabe school district, was found a mile downstream from her home in Elder Canal this morning after members of the family and neighbors had conducted a frantic search for the missing girl.

According to the mother, Martha was last seen Saturday afternoon playing with a dog near the house. Later the girl's dog was found floating in the canal and friends had been dragging the dirt for the past two days in an effort to find the body. Coroner Lemons took charge of the body and will conduct an inquest.

Long Court Row Seen in Recall

HAWTHORNE Oct. 23.—A long court battle is indicated in the recall filed against Councilman Robert G. Ramage, in which two minor court titles have already been set aside. Ramage won the first hearing when an error in the preparation of the papers delayed the motion to recall with the proviso that attorneys in support of the recall be allowed time to amend their petition. This has been done and the case set for the 20th inst.

If the recall is denied, ordered attorneys for the defendant have indicated their readiness to appeal, it is said. In the same connection, a restraining order, asked by A. A. German, forbidding the City Council from doing any thing to damage Ramage, was recently dissolved by Superior Judge Gates.

### Masons Open Temple

Grand Lodge Officers Assembled in Dedication at La Habra

LA HABRA, Oct. 23.—Two hundred and fifty Masons and their wives witnessed dedication of the Masonic Temple here last night by Grand Lodge of California. The turkey dinner featured the ceremony.

The ceremony was augmented by an entertainment program presented by the 23 Club of Hollywood. Gustav A. Hulaff of Dunsmuir, Grand Master, an addition which he personally commanded the Masonic Temple here under the signature of Mrs. Peterson, thus fraudulently deeding her property to his mother. Fleming acted as Mrs. Peterson's business adviser. It was brought out at the trial. Fleming was to have been sentenced today.

ABRAHAM SELLS DIES AT HOME IN ONTARIO

ONTARIO, Oct. 23.—Abraham H. Sell, 83 years of age, for four years State Senator from Clark County, died yesterday. Judge Durrell was present by request. Mrs. Sell, widow of the deceased, was buried at the cemetery where her husband was interred.

Sell enlisted in Company I, One Hundred and Thirtieth Regiment, Indiana Volunteer Infantry, December 16, 1863, at the age of 17 and served for two and one-half years. He heard and saw Abraham Lincoln twice during his youth, once in the Senate Chamber and again in Ford's Theater, where he was a usher. His services as a soldier were rewarded with a pension of \$100 a month.

He leaves a widow; three sons, Lowell J. Chawner, registrar at Occidental College; Wilfred Chawner, Montana rancher, and Donald Chawner, South Pasadena man, and two daughters, Mary G. Chawner, and Alice Chawner, both of whom live in Chicago. The funeral arrangements are incomplete.

### CHURCH CLERK DIES IN PASADENA HOME

PASADENA, Oct. 23.—John Chawner, 85 years of age, for twenty years clerk of the Annual California Meeting of the Friends Church, died today at his residence, 765 Summit Avenue, following a long illness. He lived in this city twenty-five years.

He leaves a widow; three sons, Lowell J. Chawner, registrar at Occidental College; Wilfred Chawner, Montana rancher, and Donald Chawner, South Pasadena man, and two daughters, Mary G. Chawner, and Alice Chawner, both of whom live in Chicago. The funeral arrangements are incomplete.

### NINETEENTH DISTRICT MEETING IN LYNWOOD

LYNWOOD, Oct. 23.—The nineteenth district meeting of American Legion posts will be held here tomorrow night, when Frank N. Heigl, Jr., State commander, and James Pike, State adjutant, will be present. The Belgrave membership unit is to be presented to the Huntington Park unit at this meeting.

The local post will dedicate a new drinking fountain, which has been installed in front of the City Hall, the address to be made by Judge Len Wilson, a Legionnaire.

ARCADIA POSTOFFICE BRANCH BURGLARIZED

ARCADIA, Oct. 23.—Burglarized sometime last night, the West Arada branch of the local postoffice lost \$10,271 in cash, according to Chief Postmaster Robert C. Anderson, who reported a loss of \$21. C. D. Lowe, postoffice inspector, is making an investigation.

CHECK WORKER SOUGHT

REDONDO BEACH, Oct. 23.—Local police are on the lookout for a man giving his name as S. J. Ames and posing as a Federal secret service officer, whose check cashed with a local department store have been cashed from a Texas bank marked "account closed."

All members of the board expressed determination to oppose improvements in any section in which property owners cannot bear the cost.

### CITY ATTORNEY IN RESIGNATION

Council Accepts Action But Successor Not Named

Mayor Offers Advice as Type of Man Needed

SAN DIEGO, Oct. 23.—Resignation of City Attorney James E. O'Keefe was accepted unanimously by the Common Council today, no successor being named due to the absence of Councilman Edward H. Dowell in the East. The latter is not expected to return for about ten days.

Marion Harry G. Clark yesterday suggested that the new City Attorney should be experienced in the general practice of law rather than a specialist in any branch. He told the Council that this city faced with a number of serious imminent problems dealing with water development and recommended that the vacant post of assistant City Attorney be filled with a lawyer familiar with water litigations.

Councilman P. McMillen said he thought the City Attorney should be able to advise the Council on water matters in addition to being acquainted with general law practice, but Clark maintained that the assistant City Attorney ought to be the water-litigation specialist, with a salary the same as his chief.

Fifty visiting officers who are attending the convention were guests at a banquet given at the Hotel Motel last night. Atty. Head, Engineer M. J. Dowd and Marie Rose, representing Imperial Valley interests, were among the speakers and the association pledged its support to Colorado River irrigation.

The party was taken to Rockwood Gate this morning for inspection along the levees and main canal system in Mexico. The California sheriffs were guests at a dinner given by Yuma officers tonight.

### Larry Cook Has Chance to Win

REDLANDS, Oct. 23.—Larry Cook of the University of Redlands campus staff is being touted as the winner of the whisky derby with three days to go. Cook, after the first two or three days of the derby, began to gather followers and supporters, and the number of people who have been dragging the dirt for the last two days is now a great deal larger.

Cook displays a fine lot of whiskers that are black and prominent. Not so long, but curly. And it is whispered that he has a secret that they are silky and thick. Larry has refused to reveal the secret and says that if he wins the prize he will make it public.

Fleming Applies for Probation

RIVERSIDE, Oct. 23.—Failing to obtain a new trial, C. Roy Fleming, local real estate broker, today threw himself on the mercy of the court after a short probation. Commissioner Mathews, who was to have been sentenced Monday, next, was recently dissolved by Superior Judge Gates.

EL MONTE, Oct. 23.—H. Hilbeck was arrested here today by Chief of Police Burdick on a charge of mutilating United States coins.

Robert Rankin and Perry Boeby, assistant cashiers in the First National Bank suspected Hilbeck when they noticed his frequent trips to the bank, where he obtained \$20 gold pieces.

They called police another day and came in from Cashier Silas Orr of the Southern Counties Bank, who told the officers that a man was exchanging \$20 gold pieces for currency.

Hilbeck was turned over to William Ash, Federal Treasury agent.

### Anaheim Group Pays Growers

ANAHEIM, Oct. 23.—By making payment of \$12,604.93 to its grower members today, the Anaheim Cooperative Citrus Association today brought the total returns to its growers for the season to \$442,310.14.

Total payments from all marketing houses here for the season to date are \$2,706,165.41, which includes the sum of \$100,000 that will be paid by the association this year.

The co-operative concern announced that it has eight more cars to go out before closing its season.

### AVOCADO GROWERS PLAN ASSOCIATION

YORBA LINDA, Oct. 23.—Definite plans for avocado growers of this district to form an independent cooperative marketing association were started here last evening by a group of growers who recently withdrew from the Calavo organization.

Ten growers, representing a number of operations in the Yorba Linda area, attended last evening on the venture, and will meet again next Monday evening to discuss the matter further. George Kellogg presided at the meeting.

### CONCEALED WEAPON BRINGS HEAVY FINE

GLENDALE, Oct. 23.—Given a fine of \$100, or 100 days in jail for carrying a concealed weapon, Amalia Canales paid the fine in Justice D. C. Johnson's court this morning. Canales was arrested Sunday night by Chief of Police Barker, who found him carrying a 25-caliber automatic.

### LIONS EAT THREE BURROS

Fight to Death in Fish Canyon Revealed by Carcasses and Tuft of Fur on Hoof Shows Vicious Resistance

PASADENA, Oct. 23.—Mountain lions feasted on burros flesh in Fish Canyon last night, according to word received here today by Chief Dispatcher M. H. Davis of the local United States forest service.

With practically all the flesh torn away, the carcasses of three burros were discovered early today by S. P. Anderson, owner of a herd of burros who leases the canyon grazing ground from the government.

The tracks of two large lions, broken bushes and a large patch of blood-splotched earth bespeak the success of the nocturnal foray, while a tuft of fur clinging to the hoof of one of the dead pack animals indicated that the lions won their meal at the expense of a strenuous encounter.

Officers of the Pasadena chapter of the Isaak Walton League of America were notified today by Dispatcher Davis, and a hunter was dispatched to track down and kill the lions. The bounties on male lions are \$50 and on females \$75.
